Re: New Security Company

\*\*\*\*\*

This memo is to inform you that effective **Saturday, June 20, 2020**, we will be having our security needs met by The Chaos Group of Canada.

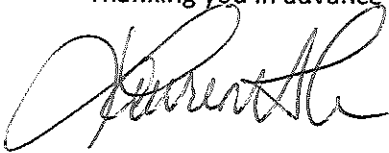

This security company is also providing the co-op with a “Concierge” portal where you as members will be able to arrange for your visitor parking or to send in to the company a security concern on-line. The information to get into this portal will be coming in the next week or so.

You will soon see some of their signs that stipulate this is private property and there is no trespassing allowed; only authorized people are to be on site. There will also be a phone number for you to call to register your guest’s parking.

Included with this memo, you will find our enumeration sheet that is asking for your parking information etc. It is imperative that this information is returned to the office **by June 17, 2020** because if your parking information does not correspond to what we have on file, you may get a ticket from Toronto Parking Enforcement.

***In visitor parking, there will no longer be any warnings; if your guest is parked in visitor parking and they are not registered, they will get a ticket. If you decide that you will hold onto a visitor parking spot with your car so that your guest can park in your spot, you will get a ticket because you cannot register a member’s car.***

Thanking you in advance for your co-operation,

Lauren Hele  
Manager
