

## SOCIAL DISTANCING REMINDER

*While it is wonderful to see members out walking or cleaning gardens around the co-op, you must remember your 6' distance requirement around yourselves.*

*If you see someone coming towards you, make certain your way is clear.*

*If you go to collect your mail and someone is in the vestibule already, wait until they are finished to go and get your mail.*

*We want everyone to stay healthy, but this won't happen if you don't stay apart from each other.*
