Things to Remember

HOUSING CHARGE PAYMENTS: *Housing charges are due in the office no later than noon on April 1, 2026(Occupancy By-law, By-law # 16 section 3.3 (a)).*

CGAH GRANT: *As many of you are aware, we have successfully secured a grant for the replacement of windows and doors, as well as upgrades to the building cladding and thermal systems.*

As part of this project, work will need to be carried out in backyard areas. In preparation, it would be helpful if you could begin reviewing your backyard spaces and removing any items you no longer need.

Please note that once work on the windows, doors, and cladding begins, all backyards must be fully cleared of personal belongings, including furniture, debris, gazebos, and any other items.

We appreciate your cooperation in helping ensure the project proceeds smoothly. Further details and timelines will be shared as they become available.
